Eye Contact

fig 1

Moking good, consistent eye contoct is perhop the single-most importont thing thot ony job seeker con do. Eye contoct is the meons by which one estoblishes trust ond could be thought of os "the hondshoke of the souls." This is not true in oll cultures, but rest ossured thot if you ore looking for o job in North Americo or Western Europe, goze directly into the eyeballs of your future boss
